to US District Judge
Leonie Brinkema

Object: Document unfairly placed under seal

The United States is unfairly trying to kill me so I find the argument about unweaving my defense strategy of the highest hypocrisy.

It is not the US but you who have placed these documents under seal to avoid the embarrassment of what they contain.

These documents expose without a doubt that your so call experienced lawyer are utterly ignorant of the case and have the worse possible relation with me.

You are only trying to cover the inept choice you made by appointing them in the first place. Of course, I do not at all exclude that you deliberately choose these professional friend to undermine my defense, after all you must be a good citizen, too

therefore you must release these documents which by the way do not contain anything of significance for my strategy, everybody know that I am a dedicated enemy of the United States of America (and of course all its good citizen).

I have no other word for your version of compassionate conservatism, just to tell you to come back to some kind of reality or senses.

You are not in charge of my life.
You are only in charge of conducting my 1st Degree Murder.

" --- if anyone killed a person not in retaliation of murder or to spread mischief in the land, It would be as if he killed all mankind --- "
