Object: Correction of ORDER

It came to my attention that you stated in your order: "Defendant has made an oral motion - This statement is economical with the ~~best~~ truth because it was oral and written. Indeed, I provided to you ^{immediately} services, as agreed in open court, the text of my oral argument (signed) " But ALLAH is my witness, Nobody will ever represent me, In shah ALLAH. Suicide is forbidden in Islam. Nothing could be clearer as a dismissal of your appointment.

Moreover, the essence of your statement is also incorrect. The fact of the matter is that I was addressing primarily how the ~~the~~ condition of detention denied me the ^{US} right to mount an effective defense, the very subject of the day.

But it is entirely true that I strongly expressed the need for me to go Pro Se, however in ⁽¹²⁾ no way I had a chance to properly ^{present} my argument.

As you know a defendant has the US right to call witnesses. And I intend to do so when you will finally convene my Bro Se hearing.

It is essential that I demonstrate beyond any reasonable doubt, how ludicrous (at best) is the idea that I should be defended by an ex government prosecutor, a Jew, and a right wing racist. Especially taking into consideration that I was denied by deceitful means the ability to hire my own Muslim standing lawyer (vetted by FBI, CIA, Secret Service).

This letter should stand ^{*} as a ~~request~~ Motion for a hearing on Bro Se issue (if it was needed). (* AGAIN).

The last word belong to ALLAH.

"and those who disbelieve and deny our proofs, evidences, verses, are those who will be the dwellers of the Hell fire"
Coran Surah Al Maudah Ayat 10.
