

The FBI must certify whether or not with other government agencies they facilitate the movement of the so called 19 hijacker in and out and within the U.S. by issuing instructions, orders, request whether or not to arrest, to impede the movement of the so called 19 hijacker.

The FBI must certify that they did or did not receive information from the CIA or foreign intelligence agency such as British, French, German, Malaysian, ~~Pakistani~~, Russian, Spanish ~~and~~ and Saudi Arabia, Yemen about the so called 19 hijacker that will have cause suspicion about their activity in the U.S.

It is impossible for even the most skill full lawyer to write a question that will ~~compel~~ compel the government and the FBI and other agencies to respond truthfully. At the moment they are holding behind "ethical needs" the government is unaware of any such ~~any~~ surveillance.

Because Brinkman DJ knows that the government, FBI is unable to testify in public about the surveillance of the 19 hijacker that ~~why~~ she insist that I must ask them only in writing. This enable them to ~~lie~~ lie in the same way as Clinton.

I, Zacarias Mousaoui, come here by
compulsory process the request of
the FBI to testify on the knowledge
of the FBI of the 19 hijackers before Sept 11.
