nature and content of information it gave
to the FBI before and on and about and
during and after my entry in the US,
on my involvement many kind of illegal,
terrorist, threatening, criminal, Islamic
Fundamentalist, anti American, anti

ALLAH AKBAR, As the CIA has been
monitoring my communication (my phone and
E mail) at least since Spring Summer
2000 when I gave 2 phones call
from Kandhar to Azerbaijan by
satellite phone. The CIA must have
inform the FBI about the threat I pose
to US national security when I entered
(and certainly before) the US.

The CIA must be compel to certify of
their surveillance toward me on 6/29

that they passed all relevant information
to the FBI (which was also monitoring
me because I live in an address they
sourced in cooperation with British
police in the investigation of the Embassy
Bombing in Kenya and Tanzania).

The CIA must disclose the information it
gave to the FBI before Sept 11 or
me and the 19 hijackers and the
German cell.

Slave of ALLAH.
