listening and recording my  
communications.

ALLAH v ATBAR. Despite the fact that even the SAM (Special Administrative Measure: in reality Sanction Against Muslim), does not allow the FBI and US marshal and the government to listen, to record my communication with official organization I have been 24

denied to speak directly to the different  
European official body cited at them in the  
handling of this matter.

The Idea that the European Parliament or  
the European Court of Justice will pass  
secret message to Osama Ben Laden  
(May ALLAH protect him) is what the  
FBI will ~~promote~~ claim to denied  
delay.

Having only 4 until the 8 July to save my  
life I must contact these European  
institution so they will compel their  
government to disclose publicly their  
cooperation with the FBI ~~on~~ regarding  
my their surveillance of me and the  
useful hijacker before Sept 11.

I must be able to phone (at my expense)  
contact and receive directly without  
interference, monitoring of the FBI, US  
Marshall, & CIA government agencies  
~~and~~ these communication from European  
institution.

The ~~same~~ standby lawyer must stop  
be given my mail ~~now~~, they have no  
right to interfere and ~~withhold~~ ~~seize~~  
At the moment I do not receive any  
moment from the outside world.

The government (US) is preventing any information to reach me.

And all my mail is given to the so call appointed Stanley lawyer, despite the fact that SAM do not order, allow this.

This court must order that all ~~the~~ my mail withheld by Leonie Brunhema DJ Stanley Death lawyer, must be sent to the clerk of this court - so the record will show how they illegally interfere with my Pro Se Defense. Then this mail must be sent by the court to me.

I have inform since the 22 of April this court that I do not ~~not~~ receive any letter, communication from her under cover death squads. Nobody should participate in ~~in~~ his own killing.

Free communication with European institution must be order.

Slave of ALLAH
