

In the Name of ALLAH.

In the US District Court for the Eastern District of Virginia

File 28 June 2002

Zacarias Mousaoui V U S No. 02-855-A 1/2

Meerlain Godless Government.

Motion to remove Federal Public Defender from any activity here in this case because of their conspiracy to kill me and their ineffective assistance. As well as any government court appointed lawyer ~~and their~~

ALLAH v AKBAR From January to June Federal Public Defender pretended to assist me in my defense. In reality they were (and are) hiding the evidence of an FBI cover up from me.

They voluntarily decided to investigate the case in Britain and France and Germany in order not to uncover that the claim by the FBI not to be able to get evidence or Warrant because of lack of evidence is completely false.

A simple investigation by the Federal Public Defender of the London Press will have expose that 23 A Lambeth Road SW2 London was subject to a major anti police operation after the Embassy Bombing in Kenya

By simply asking British authorities if they had any record of me, they will have discovered that British Consul in 1999 had engage prosecution against me using the address 5 Herbert Grove SW9 London. Any background check on this address through British police or even the local press will have shown that it was raided in 1997 by Special Branch on an Anti Terrorist investigation (link with to Chechen Mujahideen).

The downloading of the 2 smart chip of my British cellular phone will have given the telephone n° of Atef Ahmed. The person that work for the British intelligence and that betray me

Investigation of N° on my Notebook such as Brother Kalam in Manchester (responsible for an Islamic center) will have establish that I was engage in an Marriage Arrangement just a few day before coming to the US. And that inform the family relative of the Sister that I was going to be a Pilot in US (hardly a secret plan). Atef Ahmed was accompanying me and he is certainly the one who contacted the sister to advise her to refuse after I left.

The Federal Public Defender did not make the 4 a motion to have the FBI explain why despite having a conversation "I hear you were going on Jihad" with ALATTAS they did not even try to get a warrant from a Judge

Why Federal Public Defender did not ask the FBI why they did not investigate Kenko internet provider when I had a receipt dated of 12 August 2000 and that ALATTAS must have told them that I visited Kenkos day before my arrest

Why Federal Public Defender did not ask the FBI and INS why I have been issue with an order of deportation 1 day after my arrest. Any lawyer in US know that the INS always wait until after the FBI complete its investigation to issue an order of deportation. Any lawyer will understand that the FBI / INS did that :
to avoid to charge me
to stop further investigation.
to prevent me to get a lawyer

because I did not have under the Warren program the right to appear in front of an Immigration Judge.

Hearing must be held to give a complete account on how these government lawyers are actively trying to convict me.

D) Leonie Breunhauer is fully aware of this and that why she always threaten me to remove me from my defense. She knows that it will mean certain Death for me.

They want to put a show case talking about Al Qaeda etc and according talking about FBI cover up. Like in Politics it is not the argument that matter, that the Agenda.

The Only Agenda to save my life is to know why FBI decide to arrest Zacarias Moussawi and not to arrest Hanjour who was also reported by PANAM Flight School.

Because the FBI knew by their secret undercover surveillance operation that Zacarias Moussawi was not with the 19 hijacker.

Slave of ALCAH
