Zacarias Mauerucci v US

Merlem

godless government

Cheating and lying that the only way they can win. I did not ask for only the right to have a look at my belongings. They must be examine by an independent forensic expert on electronic surveillance device.

Reply to the response of Government to electronic expert surveillance forensic independent examination of my belongings.

ALLAH v ATBAR. As usual the FBI and the prosecution are trying to deceive me by saying "the United States does not oppose the defendant's request to inspect items seized from him". This court must treat this response as a Non response.

My request is and was that my belongings seized at my arrest on 16 August.

seized at 209 Wadswick 1A Norman. and my Ford Taurus be fully Forensic examine by a forensic Expert on electronic device. I particularly indicated that an Electric FAN (square shape 70cm x 70cm) that I left in the 209 Wadswick 1A Norman. This electric FAN was mysteriously left on my car like a present.

379 a gift when I was left living in alone in Hounnet
Soeth Norma. Hussein ALATTAS and
Ali Mukhammad (my host at 209 Woodcock LA)
know that this electric FAN belong to me.
~~It~~ The FBI is again trying to cheat
by preventing me to have this Electric Fan
examine by electronic surveillance expert
(the same is true for the prosecution).

I did and do ask that all, including
item belong to Ali Mukhammad and ALATTAS
be ~~forensically~~ examine and tested by
a forensic electronic surveillance expert.
This is very reasonable taking account
that me, ALATTAS and Mukhammad lived
together and that any electronic device
placed by FBI in the house ~~was~~ was aim
at me and could have be place on any
belonging overperspective to who it belong.

I did ~~and~~ and do ask for the seizure of
ALATTAS to be independantly examine
for electronic device ~~like~~ such a tracking
device by a forensic independant
expert. This is reasonable taking
account that ALATTAS with its seizure
was driving me in the US at the time of
my arrest.

- To examine and test also all item seized from
me and ALATTAS at our arrest in 16 August 02

Therefore the Court must order that electronic surveillance ~~exp~~ forensic expert examination by an independent laboratory must be conducted on the item and property and location ~~indicated~~ cited previously in this motion and in the original motion subject of the government response.

India

" Upon request of the defendant the government shall permit the defendant to inspect and copy or photograph -- tangible object -- obtained from belonging to the defendant."

they are so kind to let me see my belonging so I can write my Death will

I want an electronic surveillance forensic expert to find the tracking and buy of the FBI.

Slaves of ALCAH.
