

the Name of ALLAAH

in the US District Court for the Eastern District of Virginia

Felo 03 July 2002

Zacarias Moussawi v US OI & SA.

Marlin Godless government

Where is "my" FAN, it must be Forensically examine before they kill me.

Motion to have independent electronic forensic surveillance expert to examine and test a Square FAN (70cm x 70cm) mysteriously left on my car ~~and~~

ALLAAH v AKBA. Around April 2001 an electric Fan was left on my car by "unknown individual" as a kind of "gift"

The FBI having demonstrated its unwillingness to obtain a warrant against must use the stratagem to avoid to have to go to a Judge to get a warrant to plant electronic surveillance device.

In fact, even today the FBI will be able to "technically" deny to have planted a bug on me because this electronic FAN was left on my car but it was not my property therefore ~~it~~ I could be said that I took it without a right and ~~voluntarily~~ voluntarily therefore technically the FBI did not plant

it on my belonging because it will be said that
this FAN did not belong to me in the First place,
as I had technically no right to take it even if it was on my car
That it is why this court must order a forensic
electronic surveillance expert operation
examination of all item seized at the
apartment 209 Woodruff LA Norman
(in perspective of their owner). That it is where
I left "my" square white FAN when
going in Minnesota.

Not to repeat that "my" Ford Taurus (which is
not registered at my name but this time I don't
clearly bought it from its previous owner),
should be examine and tested for electronic
device.

The car of AL ATTA. (See herein) must undergo
the same examination.

This Motion is not a repetitive motion as I am
learning the hard way that every word count
in this life. So The Fan ~~found~~ seized in
209 Woodruff LA Norman, that is believe
to belong to Zaccarias Moessacou
must be forensically examine.

(AL ATTA S and Mukacain most definitely
knew and believe that this FAN "belong" to
me, the FBI will certainly said. #
