File 04 July 2002.

No 01551

Zacarias Moussawi V U.S.

Muslim

godless government

Why Federal Public "Defender" do not give me all the printout of defense material and production made Before June 13 2002 when I become Pro Se.

Motion to be handed all printout of Esc death appointed lawyer Mc Mahon and Federal public Defender of defense production and material before June 13 2002.

ALLAH U AKBAR. Leonie Brumbria is still maintaining that her lawyer have the best intention toward me but they refuse to hand over printout of defense production and material made before 13 June when I become officially Pro Se.

Leonie Brumbria has ordered that this production should be handed over to her new lawyer, Stanley Lawyer Yamamoto. As Pro Se I am fully and exclusively entitled to this production and material made before June 13 2002 and her Yamamoto has no right as the law specifies that he is appointed per court's procedure and protocol. He is not

under the law or falsely claim by DJ Leonie Brinkema
here for "Strategy"

I have and am paying a heavy price for this
6 month under the control of these appointed
lawyers. They must deliver immediately
in a printed form all the defense material
and production to the Alexandria Jail.

As I know that they are a bunch of wicked
perverse I will be specific so they will
not flood me with Embassy Bombing transcripts
and photo of Kenya.
