Zacarias Moussawi v US

Now They are using Physical Force to force me to meet their Death appointed lawyer.

Motion against the USE of Violence and the threat of Violence by Captain Mitchell of Alexandria Jail.

Order must be entered to stop violence against Moussawi. ALLAH v A & B A A. Until Monday 8 June 2002 ~~there~~ I was not physically forced to see the Death appointed lawyer. As it is the Rule any inmate has the right to refuse to see anybody he wants, especially if he knows and can prove that this person is participating in a Conspiracy to Murder him. Captain Mitchell in many occasions has admitted my absolute right to accept or reject visitors. As the FBI and Prosecution are refusing to send my letter to German Parliament and High Court, the British Parliament and High Court and the European Court of Justice for the last 2 weeks now, I see that they are becoming desperate.

By ~~the~~ violence and the threat of violence.
Captain Mitchell is playing her part so that
in court the Judge, the prosecution and the
appointed lawyer will claim that I entertain
relation, communication with the Leonie
Brenkema Death squad lawyer.

This is very important for them to give this
fabricated, false impression to the American
public because they are planning to remove
me from my defense so nobody will speak about FBI case.
People will find it difficult to accept to have
a lawyer who never had a conversation
with a defendant.

Wahid I, Zakarias Moessacchi. Never ever
have an attorney, client communication,
conversation with the New Death lawyer
Yamamoto and I will never have one.
This guy is my ENEMY and I pray to ALLAH
to send him to Hell.

Captain Mitchell by using force against me is breaking
the side of her Jail. Best who care as she believes
that I will be killed. And a Dead cannot see.

Stance of ALLAH.
