"DOCTOR DUNHAM AND MRS PIG"

Motion to have Psychiatric Doctor Katherine examine Stanley Lawyer Dunham for delusional personality disorder.

ALLAH U AK BAR: For many months Frank Dunham believe he is qualified to give medical opinions about me. The latest & dumb diagnosis of Dunham is in a letter to his old friend Leonie (a/k/a Nestor Judge):

"The bad news is that his ~~thought~~ (Mouradian) thought process continues to be erratic and. occasional"

The thought process would be by Dunham talk about is a letter I sent on the 29 July to Stanley Lawyer Yamamoto, in which I asked info about my case and instructed Yamamoto not to share info with delirious Dunham & this was to limit my level of food poisoning with pork product

Unfortunately, to my "surprise" Yamamoto
reply to me:

You have requested a report concerning
the status of the defense preparation.

I DON'T HAVE THE INFORMATION you
requested. I would have to talk to the other
attorneys in the case to gather information
for you. May I have your permission to
contact them in order to obtain that information.

So as any sound minded God loving and
fearing person will have done when seeing
that at less than 2 months before trial "his"
standby lawyer did not know about the
case, I wrote to Yamamoto on July 31
to urge him to communicate with Megala
Standby Lawyer Numbam.

The Next thing this wicked unbeliever Numbam
do, is to write to his "Grand Nanny" Pevinkema
to tell her that I am "evile and irrational"

Of course, Nasty Numbam family believe that
any Muslim Fundamentalist who fight Alone
with the Help of ALLAH. He entire United States
of America must surely be mentally
insane.

Numbam Delusion is that I should commit
suicide by accepting him as my lawyer

In the interest of Justice and the mental health of Dunham, Judge Preimbera must order a psychiatric examination and hospitalization of Dunham.

Doctor Patterson must be allowed to visit him immediately as it is not unreasonable to believe that Dunham might be infected with the MAD PIG DISEASE (which attacks the brain and make lawyers believe they are psychiatric doctor.).

The Court must also put to notice ~~to~~ Dunham to stop his smelly smearing campaign against me or relieve from the case on mental incapacity ground.

In a previous letter I say that a Muslim can eat pork to save his life, I did not say that I will eat pig infected with with Mad Pig Disease

Slave of ALLAH.
