Zacarias Moussawi V US

## SENSITIVE QUESTIONS

Motion to prevent the Federal Defender and the Federal Prosecutor to conduct their duty business in private.

ALLAH V AKBAR. The United States under cover operation against Zacarias Moussawi is still going on. This time with the full consent of Leonie Breinkema, namely, she has order that all my pleading be seal because sensitive material are going to be release to the Public.

In Leonie Breinkema latest order she deceive everybody by ordering that Federal Standing Lawyer and Federal prosecutor should consult (each other of course) to decide what can be release to the Public etc.

This is a clear denial and intrusion of my Bro Se defendant status.

The so call "Particularly sensitive Recovery material" ~~are~~ are not classified document which need security clearance.

Therefore there is no reason why Stanley Lawrence should usurp my Bro Se prerogative.

Of course this is from a legal point of view. But from a Political point of view, Dukakis who is an Ex Prosecutor (nominated by the Judges of the Districts) will not "Rock the Boat" of G Bush by releasing sensitive information.

As ~~Abble~~ BUSH SAY: "LOOSE LIPS SINK SHIPS"

The SENSITIVE SHIP HE IS TALKING ABOUT

~~is the USS 9 (11) (United States Scapegoat)~~

IS THE USS 9 (11). (United States Scapegoat for 9 (11)).

This this extremely fanatical ignorant asset must stop interfering with my Bro Se right and order that I must ~~not take part~~ "consult" with the Prosecutor to determine ~~what~~ the new Protective Order. The ~~F~~ Federal Cassegers are Stanley and there for protocol, not for Bro Se ~~de~~ eradication.

Moreover this unorthodox, unpredictable asset falsely accuse me of inappropriate language ~~to~~. First, It seems that "Memory fade" (even with Leanne Beunkemia), and

it is the US government who since 9/11  
has use inflammatory language against  
me in the Press and in this Court.

Do you remember: "Chronicle of Evil"  
we "fanatical meccant sympathizer"
