MOUSSAOUI DEADLINES TO
GOVERNMENT LIARS.

Motion to set a discovery deadline of ninety days before trial for the Government's production of summary expert (a/k/a. liar reports

ALLAH v K&BAR. The United States Government is still refusing to hand over discovery material. The tactic is simple: Delay ~~the~~ discovery so nobody can uncover their lies.

Until now I don't have any mean to access in a meaningful manner the discovery. It took 3 workday to 8 marshals to search for 7 document and they did not find them in my case.

As the government is going to ~~an~~ abuse expert bias witness to mislead the Juror about these coverups, it is essential that I receive the Hollywood script (testimony) in advance so I can try to wake up the American Juror that reality is not like Hollywood Movie.

The United States has been boasting about being ready for trial in October 4 so there is not honest reason why they cannot give the discovery. Of course, I say "honest" reason but plenty of dishonest one.

Having in reality only 4 months to prepare my case (if Bin Laden stop playing game with my life). This case Unethical case must enter an order that all discovery must be handed over by September 30 at the latest. Not to forget that Xmas will make Bin Laden & co obsolete, so no time is to be wasted.
