Zacarias Moussawi v. U.S.
Muslim Crusader

STRIKE INFLAMMATORY

NUCLEAR BOMB

ALLAH AKBAR. STRIKE NOW! Moussawi
launch attack to eradicate Nodys (nuclear
"inflammatory surplusage" from the
indictment to Lynch (a/k/a indictment).

"A Motion to Strike surplusage from
an indictment should be granted where
it is clear that the allegations contained
therein are not relevant to the charge
or contain inflammatory and prejudicial
language." (U.S. v. Battling 88).

No sane and sound mind will believe
that the following have something to do
with 9/11 except for inflaming the situation
"the effort to obtain Nuclear Weapons and
their component."

4/11

« the Fatwas Against American troops in Somalia »

« Ben Laden Endorses the Nuclear Bomb of Islam »

Allegation regarding chemical weapons.

Therefore all inflammatory fanatical incitant message to government ~~authorities~~ sympathizers in the Jersey must be eradicated.

This unpredictable event should not try to blame me for the Anti Mossad attitude in the Jersey Poll because ~~the~~ a survey conducted before I made any public declaration indicated that something around 90% of people in this district believe I was guilty
