"FBI ANALYSIS OF the Hijackers' e-mails in the Months before the Attacks suggests that they were not waiting on a 20th person to join the plot"

USA Today

~~Allah~~

ALLAH U AKBAR. STRIKE NOW!
For almost a year ~~the year~~ the FBI is holding E-mail of the 19 Hijackers that show that ~~the~~ the Myth of the 20th Hijacker is a FBI production.

Under BRADY the FBI must give me exculpatory evidence but there is no way Ashcroft could find anything exculpatory in his chronicle of Evil.

The Government of the United States has no faith.
Let alone a good faith so all evidence must
be turned over. NOW!

One of my main line of defense is that this is
an FBI cover up ~~and I am not a terrorist~~
Can anybody expect the Fascist Bureau
of Investigation to turn exculpatory evidence
showing they falsified the all case against
me to get out of the Hook?

For more than a year now they hold
& desertman in the, and they want perhaps
to me to believe that the 19 Hejochese did not
use e-mail.

Leonie Brunkema probably wait for the
New Year spirit in the FBI to hand me
over discovery. (so I will have 6 day to prepare
the trial!) ~~and I am not a terrorist~~

This is Leonie Brunkema concept of Fair trial.
10 Tel, No Contact, No Freeman, No Discovery, No Speech,
and now they want ~~to hand me over~~
