Zacarias Moussawi v US
Muslim v Crusader

HAPPY NEW DATE

Motion to get timeout added in the
dirty game of the US

ALLAH V ATBAR

NO NO NO COMMIT to the sickness of this
US government. After months bombarding
me of unidentified Base of insensitive
document, the US finally storm my case
and destroy all my war preparation.
Not only they expulse me for 2 week of
my battle case but they annihilated months
of work organization.

6 The lack of clear organization and
indexing of the boxes of discovery
material was made it impossible for
the Court officer to locate all the
document they were directed to recover.
Leone Brennan, Sept 10, Under Seal, of course

498

9/11 in ~~two~~ week 6^{US} Marshall could not find
document, what about f.Me.?

Until now I have no meaningful capacity
to investigate discovery. The greatly
awaited internet site is still in the
cyberspace.

And the Harold Myraudeen work I made
have been reduced to Ash~~am~~ by the Chief
lawyer officer.

This court must give me 6 month preparation
from the day my internet site is plug in.
That the minimum to prepare their Forestry
since Decal.

Denham is still up to his old trick, to prevent
me to organise my defense in the hope to
get center stage for my execution.

He came back with a vengeance with an
under cover Iraq story of 9/11 in his
Secret Sulphura to the CIA. Despite no doubt
will get his war on Saddam thank to
Denham or Haerracii.

Slave of ALLAH

9/11 11/11

PS: The court must take into consideration that not only I have been deprived of access to discovery for almost 2 weeks but all my work organisation have been destroyed by the search and removal of Box and ~~the~~ document. Having no secretary I was doing a "physical" organisation of the discovery, and therefore the "chaos" created by the search was completely destroyed my work.

Basically I have to start from zero.

Therefore taking into account that the court had initially granted a 4 month ~~continuation~~ continuation of the trial and that the fact that I have not yet access to the internet site mean that I do not ~~in fact~~ benefit from this continuation of trial. Moreover the dirty trick of the government have destroyed most of my 3 month discovery search because I do ~~not~~ have to start from scratch.

Finally Ramadan is ~~starting~~ coming in October and therefore I will have a much reduced activity, not to mention that my ability to investigate during Xmas will also be reduce.

For all this reason and some others, an
6 month continuation from the day the
Internet site is being in.

4 Month original continuation,
2 Month last work.

This is the very minimum in fact if the you
had any kind of fairness you must grant
me 10 month from the day I took charge
of the case in July because you gave
originally 10 month to the government to
prepare to kill me so I should receive
10 month to save my life.

But of course, fairness cannot be expected
from a Death Judge like you.
