Dunham & Co MUST LOAD WORK PRODUCT

ON THE LIVE INTERNET SITE OF

ZACARIAS MOUSSAROUÏ

Motion To get access to Dunham & Co information and discovery through the internet site.

ALLAH v ATBAR. Despite my repeated effort to force Dunham & Co to hand me over the product of 10 months of investigation Dunham is still refusing to pass me any information. Every week Dunham & Co come with a new set of excuse and promises. For example everybody understand that Ahmad Sabel in Germany should be investigated vigorously to demonstrate that even if it is a fiction name, the person is still not the same as Romji. Dunham has not even gone to the registered address of Ahmad Sabel telephone

Dunham believe that at some point
I will renounce to defend my live
and ask him to do the case.

~~and ask him to do the case.~~

Dunham still do not understand that
suicide is forbidden in Islam
and to give him my case is "certain"
death.

I have more chance to live if I load
6 bullet in 38mm and play Russian
roulette than to let Dunham trial my
case. After all the you can join, but
Dunham will not miss the opportunity
to send me to Heaven unlike ALLAH
(@ ALLAH, willing).

This court must enter an order that
all standby lawyer discovery,
work product, investigation, witness
report and summary must be
load on the Internet site.

This court must order that the internet
site be updated by the defense lawyer
on a daily basis, and that even
work in preparation should be loaded.
No doubt that Dunham will claim
to "finish" the work before he gave it to
me. the problem is that I will be dead
