SECRET HEARING

SECRET MOTION

SECRET EXECUTION

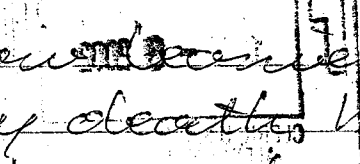

Motion to get copy of the US government reply on Abu Zubaydah and Ramzi Bin alshikh

Abu

Despite the fact that the US prosecution has filed a response on Abu Zubaydah and Ramzi Bin alshikh, this court and the US government believe that I should not be informed about it.

Abu Zubaydah ~~is~~ is without a doubt one of the most important witnesses for me. The US government itself has said that he was n° 2 in Al Qaeda. Does Leonie Brunkema want to argue that Dick Cheney does not know what everyone in the Dark House.

Now ~~the~~ Benbenwa want to ensure  
my death, by denying me access to  
Ahaz Zetsoydoi at trial and before  
who is going to believe that a "no 2" is  
an organization don't know what  
going on? ~~then~~ the American  
will believe anything to kill me.

I will not even try to "articulate"  
anything about how important  
Raimzi Benalshik is for my trial.  
it will be insanity to do that.

Anyway they, Leonie Benbenwa,  
the US prosecution and the Death  
Council know I cannot do anything  
against their parody of justice.  
I don't know about their secret  
hearing and government motion  
on Ahaz Zetsoydoi and Raimzi.

I have the right to know ~~or~~ how you  
are organizing my killing.  
I want the Court order and advisory  
opinion on Zetsoydoi and Raimzi  
and the US government motion  
and transcript of hearing.
