ENOUGH OF THEIR DIRTY
TRICKS.

Motion to expulse Dunham & Co of
my Arabian Case.

[REDACTED] More than 2 months
ago I indicated that I will eat
"pig" to save my life. Now I know
that I will die of food poisoning
if I carry on contact with Dunham
and Co.

They ~~will~~, the Judge ~~and~~ the lawyer
persecution have taken control of
the case by having every thing
of substance classified and unclassified.
I can't ~~help~~ give you what they
classified which ~~is~~ is of extreme
importance in my case otherwise this
motion will be put unclassified
or classified.

Basically the Judge Louis Brandeis was completely aware in with the US govt and they have decided that if any information, even public, was classified by the US government, it is forbidden to mention the existence of the classified information in a court. In short nobody should know that there is a secret information (the secret is that there is a secret).

Moreover Dunham & Co is letting the US Judge and Prosecution out of the book in their secret reasoning on

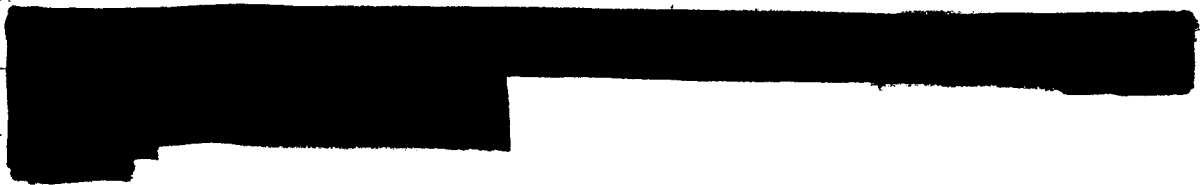

Dunham & Co say that I have to be specific why [redacted] is relevant in my defence of 9/11. Why not ask if Dick Cheney is aware of what happened in the Nevada House?

If before this trial was a kind of parody of justice now it became a crazy show. Thanks ALLH they did not capture

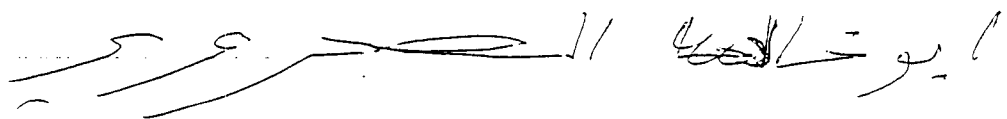

my Father in Jihad & their names
Ben Laden. otherwise they might
be given time to "reflect" on what
or not he knows about September 11.

Well: Therefore it seems appropriate
for me to cease any meeting with
these bunch of [Redacted] lawyers.

See you in court in June,
ACCAH willing.

Slave of ACCAH.

 Well!

PS - Numbani is not allowed to make
any representation, statement
on my behalf, as they are far
beyond any reasonable doubt.
(That why they are lawyer.)
