Last month the world  
watched the Tape of Ramzi Bin alshibhi  
but until now the Death lawyers and the  
United States are refusing to let me watch  
it.

but the government and their people

standby lawyer are refusing to give it to me.

The US government has organised a complete black out on information about Benalshub because they know that they must stop him speaking out about my non participation in the operation 9/11.

Leonie Benkema is carrying out her policy of silent assassination of Haassad by allowing the government and the standby lawyer to conduct with her secret hearing on [REDACTED]

Benkema you must give me the tape, it is the proof that this is a conspiracy to murder me by you and your criminal peer (aka government.)

I want to see the WTC preparation tape (\* War to Criminal).
