Muslim v. Crusader

STOP THE DENIAL

BRINKEMA

Motion to force Leonie Brinkema and her government to stop holding Abu Zubaydah and Ramzi Bin alshih and to testify in my favor.

[REDACTED] Last month I corner the U.S. government to let Abu Zubaydah testify that I was not part of 9/11 team (World Terrorist Champion: WTC).

Abu Zubaydah [REDACTED] has been labeled as n°2 of Al Qaeda by the U.S. government but Leonie Brinkema in a secret hearing has given the opinion that she did not see the relevance of Abu Zubaydah for my defence. To cut the nonsense she is

pretending that n°2 does not know ~~us~~ about
9/11. (After all ~~most~~ people believe that Gore did
know about Clinton affair).

Not only this in denial is an insult to
human intelligence (never mind we are in the US,
but the US government makes a fool out of
Leonie Brinkema by admitting publicly
the "responsibility" of Alrei Zubaydah
in 9/11 Al Qaeda operation. (see Washington
Post October 4, 2002 Page A17).

As a true Clinton Judge, Leonie Brinkema
is practicing the art of her mantle. Denying
the obvious.

Since the beginning of this trial Leonie Brinkema
has been unable to raise to the issue at stake.
Namely that the US government has no case
against me and they want to use me as a
scapegoat.

Leonie Brinkema has allow secret hearing
to be conducted when there was no secret
information (except the entrapment of the
government).

The only reason ^{notably} why I know how this case
is being manipulated is because I am under
siege, and the Death Lawyer Benjamin is
the guarantor of my silence and death.

in the article. "Bin alshikh Said to
Provide "Useful Information"
(By Walter Rucius, Washington Post
Staff Writer, Enclave, October 4,
2002, Page A17). The US government
clearly established that Abu Zubayda,
Ibn al Shaykh al-Libi and
Ramzi Bin alshikh have the most
detail and relevant knowledge
of 9/11 operation.

Leone Brunkeno: enough of your
nonsense you must submit and give
access to me to my three brothers
immediately.

Slave of ALLAH.
