Muslim . . . Crusader

HYPOCRITICAL DUNHAM

Motion to stop Dunham manipulating
and interfering with my relatives.

[REDACTED] Having cut any contact with the Megalomania Dunham for some time now, Dunham latest trick was to send his card to write my mother to convince her to visit me so she will try to interced in their favor

Not only Dunham is cynical and despicable to the extreme but he also put in danger my mother by giving her precise location in France.

Moreover I did object to this "man" to cause publicity in the case at this point in time (actually all the time).
