Zaccarias Massadani v US

Muslim . Crusader

SATELLITE MANIPULATION

Motion to oppose the American
cross examination of Brother
Bafana.

After more than a year of Under Seal.
since the American production is
going satellite. But of course Under
Seal Satellite. Why?

Because the US persecution has black
mail a brother (Bafana) to testify
against me or to spend a very long
time in a Jungle Jail in [redacted]

Brother Bafana is held without
charge, without lawyer,
without appearing in front of a
"Judge", without receiving for [redacted]

GH

Not ~~only~~ ^{about} anyone watching here, why he become
involved ~~at~~ especially that according
to the government he is not charged
of any "terrorist" (or Jihad)
activity.

The interview will be conducted without
knowing if the weather speaks freely
to put it mildly, there is no doubt
that behind the camera in [redacted]
there will be a prompter to give him
the exact response. Not to forget
the reminder "20 years of torture"
or maybe a gun pointed at him to make
the interview seem more dramatic

But all this is expected, so the US
government need to make it look
real a bit of "opposition". So they
call their old friend prosecutor
Deinhardt. The Megala is an
excuse to acknowledge that he has
not conducted any information
in Malaysia for the past all year.
He does not know ~~more~~ anything
more than the FBI told him.
He never try to see Yazid support
or ~~to~~ get info on Hambali

And to ~~an~~ complete the picture of incompetence, overconfidence and ignorance he does not even know if I meet in my life Breather Bafarica. Having no relation with him and having refuse to tell him anything about my Moslemism activity. Dunham is going to do what he love best: "affalmentate" (to lie and make story).

Here again Leorie, know about all this but she want me out of the case, so she is carefully preparing my expulsion. This she allow her proteje to ~~an~~ invade my prerogative (this she did not do for Binolman interview). Because the all American show is a complete set up.

Therefore I object to the ~~the~~ satellite interview until I receive info on Hambali and Yazid at Abu Zub ayday and Hamzi Bin Abdulstib. And I oppose categorically the intervention of the blood sucker Dunham (cross examination)
