DIRTY DEAL BY

DIRTY FED

Motion to sanitize my defense from  
the disgusting Federal offender  
Dunham for his dirty deal on  
CIA subpoena with arch criminal  
"Dear Rob" (letter December 9, 2002)

Nothing can demonstrate ~~the~~ more  
the complete conspiracy between  
Federal Dunham and Federal Rob  
to have Muslim Zaccarias Moussawi  
assassinated by dirty "legal" trick

Having corner the United States  
government by falling a CIA subpoena

690

To expose the CIA knowledge of people such as Youssef Saeed, Hamadi, Ibn Shereh, Abdel Hadi, etc.

Federal Durham is doing his best to unhook his government by striking out the many of the most important names in his revised subpoena following the disastrous response of the US government.

For example, Youssef Saeed, who according to the government sources and Barbara's testimony had direct contact with Khalid Fikri and Nawaf has been strangely omitted from their new subpoena.

Sheik Mohammed who is branded by the US government as chief organizer of 9/11 is not even mentioned.

Here the Fed govt put \$25 million on his head but Fed Durham does not want to open his mouth about it.

It is not difficult to understand that Megala Durham is giving a way out to his government.

As ~~the~~ Dunham says to his friend Rob  
"It appears clear from these various  
court records that Judge Brinkema  
believed the CIA subpoena to be  
a ~~proper~~ proper use of Rule 17(c)"

~~that~~. Any "honest" lawyer  
could press the matter forward  
having understood that the "Judge"  
has already indicated that the  
the subpoena was proper.  
But Dunham is a prosecutor (is),  
so he does what he does best try to  
"screen" Moussaoui to the electric  
chair.

There; Judge Brinkema must  
maintain the previous subpoena  
without deleting any name.

Moussaoui. Sheikh Mohammed  
and Khalid ATAST must  
be added to a return subpoena.
