The Higher, The Harder  
you fall,  
Welcome to Zenith Power  
of W Bush.

Motion to be inform about  
United Satan motion against  
Me, Myself and I.

As The United States is a nation  
of compulsive liars it seems  
that it should not be difficult  
to send me even a "Security Redacted  
version of the US motion of our Brother  
ABU Zubaydah, Bin alshih  
and Al Libsi".

On the 2 of December 02 the US  
responded to the Court order but

nobody want to tell me what they lies  
about giving me access to my brother  
Ahmed Zakyolay, Benalshih and  
Helsi.

I used to say that the US can  
even only if I don't put a flight

Now it is certain that the US can  
even only if there is no flight.

So in the mean time I have the right  
to be inform on the gov nation.

Me, myself and I, are the Pro Se  
your bunch of blood suckers don't speak  
for me.

So because you must send me a copy  
of the ~~the~~ December US gov materials.

As for ~~you~~ "our national security"  
don't worry I will take <sup>care</sup> of it  
when I ~~you~~ fly out.

As for the US response tomorrow.  
~~When~~ you must without delay send  
me a copy.
