As you and your So called American states of America are playing with the nerves of my mother it is very likely that the ^{miss} plane of the 11 March will never occur before the 8 April. Therefore you must order your slaves to accumulate the time, & so I will speak 1h 1/2 rather than 45m.

they pathetic response with their assurance that they were making every effort to arrange the plane only match the ^{your} hypocrisy with which you handle this case.

Clinton generation.

The good thing about Clinton, is that he was a coward who could not go to Vietnam. So one day you will pay the price of your lie as nobody ⁱⁿ your country will trust each other for their lives.
