THE HORDE OF BLOOD SUCKERS

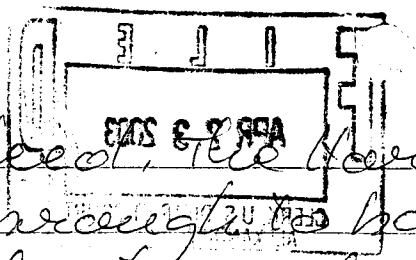

MUST STAND AWAY FROM

ZACARIAS MOUSSAWI APPEAL

Strike the Fat Megala Nunham to intercept Pro Se Attorney Bewildered mail to the Court of Appeal.

Aslucraft is becoming more and more desperate that he has his slave Expresser illegally intercept my motion to the Court of Appeal to get Mastermind 9/11 and Mohammed and Brother Mustafa's statement

Indeed, the bundle of blood suckers must be brought back, earlier for opening and intercepting mail & clearly address to the court of Appeal.

As Bro Se & and under the ~~say~~ S.A.M. (Sanctions Against Muslim) I have privileged communication with the court of Appeal.

It is my right to communicate to & receive to any court and Durham has no business to open and read my motion.

Moreover this court of death judge Leons must order Durham federal Manning the case Bay (ack/a sheriff) to give the mail to their destination not to his crown.
