LIEONIE WANT TO

BRAIN WASH

ZACARIAS MOUSSAOUI

Emergency Strike by Myalid Zacarias
Moussaoui to stop Lieonie Benkura
attempt to brain wash Zacarias Moussaoui
of any Note [redacted] False Substitution

[redacted]

A lawyer expect the worst from your
enemy. Indeed, this latest order
by Death Judge Lieonie to have all
my copies, Notes [redacted] Substitution
taken away is most probably the first

up in the North direction, (a) end of Bro Se
status for Zacarias Mousaoui for non compliance
with Death Judge ~~Peru order~~

indeed if I have no "problem" to give under
Census the handwriting [redacted] Fake Substitution
ack to the Blood Sucker "Nunham", I can clearly
see the work for My Bro Se status in Census
order "the defendant immediately turn
over to "his" standby defense counsel Any
and All notes or copies he has taken
concerning the classified information
disclosed to him on April 25, 2003"

isnt, this No Note order make it impossible
to prepare my Bro Se Brief to the Court
of Appeal. As I should be able to insert
quotations, passage [redacted] Fake
substitution to highlight the fact that they are
fake and can't be any substitution
for [redacted]

Second, Nobody can prevent a Bro Se
defendant to prepare his defense by
making MEMORY Notes of [redacted]
Substitution. Indeed the interesting
Fabrication of [redacted] are few and
easily memorizable. Thus if I after see

quitting ~~is~~ on all my note. I was to
create down notes from memory
such as [redacted]

[redacted] I will be in breach
of order (I might be wrong!?)

This order on Note is a New permanent
plot to remove me from my Pro Se
for Non-compliance with Death Judge
order. As I just handed over
to Yamamoto all my note a copy
[redacted] they will now find a
secret of my room and find this
motion with [redacted]

[redacted] and that
will be the end of Pro Se and the
Death Tax and Massman
[redacted]

Because you must put some order
in your mind and take Note that
as Pro Se I must take Note so
I can create Attack in the Court of
Appeal and in your Court concern
the Fake substitution.

As you say "Memory. Fable" so take
note, as for literal copy I don't see
[redacted] style is not my taste it is disgust

success, the FAT Meqal and the chief
in one desperate to remove the Se
Zaccarias Messaoui. Nobody should
worry that these small note will become
big issue

If I can't use the Note to defend my self
so give me a knife, so I can have a
FAIR TRIAL
