Ray, Greg:

We just left a meeting w/ Spike Bowman, #1 in NSLU. He says that we have even less that I thought. Apparently, even if we could show that the ZM that recruited [redacted] in France is the one you have locked up in INS detention, we still don't have a connection to a foreign power. We would need intel to indicate the guy was actually a part of the group, an integral part of the movement or organization, and not just an individual that told a brother how he could serve Allah.

Greg: Give me a call and we will talk about what to do next. As I said yesterday, you all did a great job to i.d., interview, and neutralize this guy. There are a couple more things we can still do -- w/ the assistance of our LEGATs.

Mike
