[redacted] Legats London and Paris were furnished photos and bio info on Moussaoui earlier this week. These were shared w [redacted] and both were asked to attempt to i.d. and determine background on the guy.

[redacted] packet litter of Moussaoui and al-Atlas were sent to C Frahm today w/ req to pass to [redacted]. Photos of these two were also forwarded to Frahm this afternoon. We'll pass along add'l info when/if we obtain it.

Please bear in mind that there is no indication that either of these two had plans for nefarious activity, as was apparently indicated in an earlier communication.

Dave, Please advise when you get a chance this AM where we are re the Minneapolis Airplane IV crowd. Has the tasking gone out to try and obtain more bio info on the guys, [redacted] Do we have photos yet? Can the agency get the photos so they can get them on the wire to assets?

Thanks
