Observations

1st trimester

Results unsatisfactory. Zacarie is much too distracted. He has to start taking his school work much more seriously. His writing is very poor, and homework is often late in the morning.

2nd trimester

Has made progress in writing, but overall, his results are very average. Zacarie must read more at home, if he wants to make up for his delays in reading.

3rd trimester

Unsatisfactory results

End of year: will not be promoted to CE2
