DEFENDANT'S  
EXHIBIT

ZM033  
U.S. v. Moussaoui

Object: Professor Reza participation in  
my defense counsel.

God Curse you and your lot.

Taking account of the Shadi deposition  
at the end of next month it is crucial  
that you organise a meeting with me and  
Professor even if you (only you) has to  
be present.

I want to discuss with professor Reza  
his potential involvement in my defense.

I am perfectly aware that the little  
Beinkema will keep FBI and you as  
counsel but there it could be possible  
to work out a way to address my legitimate  
defense concern so I could openly endorse

this defense and drop my well founded  
opposition to your defense strategy  
and presence.

Again this ~~should~~ meeting should  
happen relatively quickly as Stadi  
negotiation could be crucial in my  
defense strategy.

~~Please reassess defense strategy that  
may make sense~~

7 & 7 - 400 as usual

morning).
