Subject: Such a long time

Hello, Ms Brenda , I first wish a happy new year (a bit late I admit) and I hope that everybody in your school is in the best of health and flying mood .

I do apologize for the long delay but life is never as you plan .
Hopefully this time I am ready, so I will just like to ascertain different points.

I intended to take the professional pilot course guaranty(\$21999) but I will like to arrange in the following manner. First I will pay for the Private pilot course guaranty , if I succeed I will carry on paying the rest on a monthly basis with one month in advance so it means that every month I pay at the begin of the month and you have on the top 1 month in advance so everybody is happy .

Could you send me the detail how to come to your place and name and address of some hotel to stay in the beginning.

Because the private license lasts only a month if there is no problem I will wait until then to make a demand for a student visa because my French Passport allows to stay for 90 days with a visa (what do you think)

So I hope to hear from you in the very near future , and wish you a happy flight for the all year

Bye Bye

>Usually I would say that it might be difficult to find a job as an international student. But the way the job market is now, I don't think you would have a difficult time finding a job. I hope to meet you soon.
